

Unit 9

NAME

Class Work

4/17/14

9.2 Understanding pH

SPARK (benchmark corrections in blue bin, I'm checking 9.1 WS)

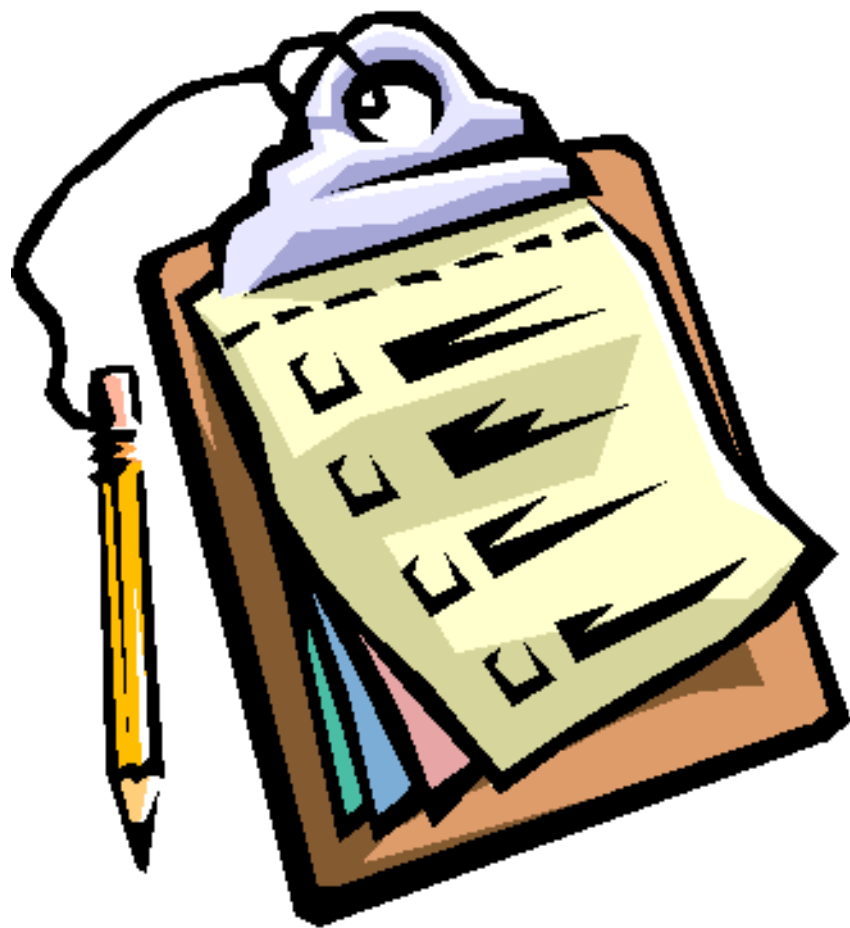

1. What ions form when HCl is dissolved in water?
2. What about NaOH?
3. What is an electrolyte?

Objective

SWBAT identify an acid or base by its pH

Agenda:

- SPARK/Objective
- Notes
- Practice
- Homework

Objective: SWBAT identify an acid or base by its pH

Brainpop!

- Any questions on 8.10 HW?
